

EQUATOR™ *Comet*

Silent Refrigerator

ABSORPTION-COOLED

- **No Compressor**
- **No Fan**
- **Totally Silent Operation**

Absorption-Cooled Refrigerator & Mini Bar

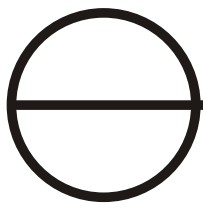

Height	Width	Depth	Weight	Voltage	Wattage	Consumption
23"	17"	18"	40lbs	110V/60 Hz	75 W	1.4 KWH

Available in gray or wood grain colors.

The new Equator Absorption System Refrigerator is a compact, totally silent refrigerator that uses no compressors or fans. Originally developed for use in hotels where silence is especially important, these little refrigerators are now available for use in home, office on boats or RV's, in apartments or dorm rooms, or any of hundreds of other locations.

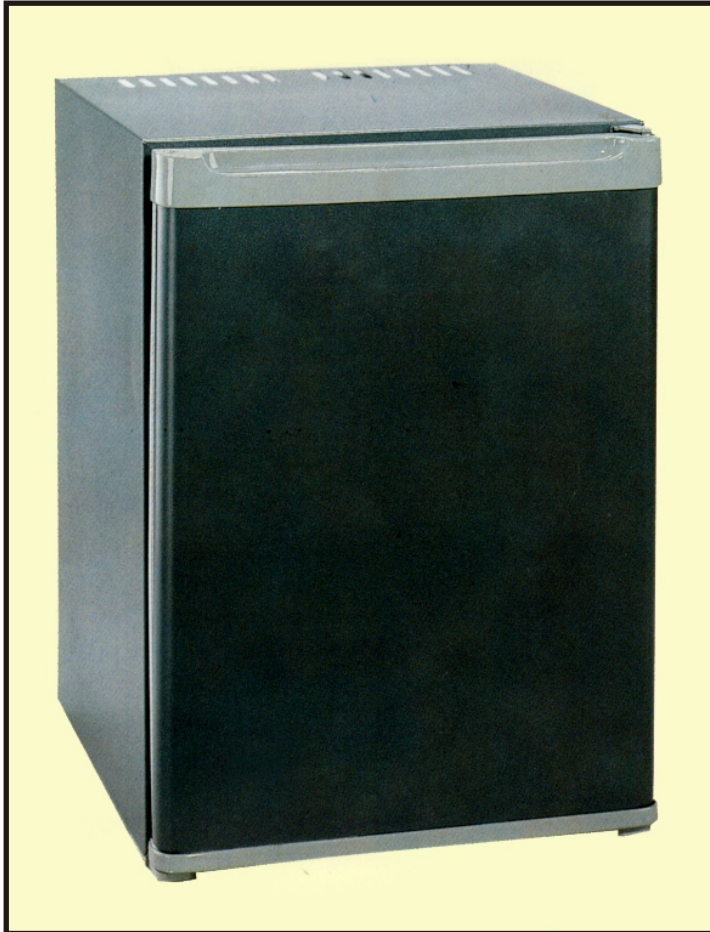

Offer your customers the silent, space saving and environmentally friendly option of our new Absorption Refrigerator. For more information contact Equator Appliances.
