The Kenyon Revolution All Seasons Electric Grill is the finest grill you will ever experience.

Safe...Easy to use...No open flames.
Simply push and turn the knob and your grilling begins.

Virtually smokeless and NO flare-ups!

The joy of grilling comes in the reward of eating the finest grilled food ever. Flameless and smokeless grilling lets you cook indoors or out.

To make it even better, clean-up only takes minutes. Simply wipe the non-stick grate off with damp paper towel and then place in dishwasher along with the lid. Empty the drip tray and you are done, how simple is that?

Today safety is more important than ever. Many metropolitan areas now restrict the use of open flame grilling. As a resident in an apartment or condominium, electric grills are your only solution. Select the only grill that performs better than a gas or charcoal grill, select the Revolution All Seasons Electric Grill.

The Kenyon Revolution All Seasons Electric Grill is constructed of the highest quality, marine grade stainless steel. All Kenyon Custom products are backed by the Kenyon, exclusive 3-year, direct replacement warranty and the best customer service in the industry.
