Good Things Come In Small Packages...

WD1000
COMBO WASHER/DRYER
24” SPACE SAVER!

• Compact Size...
  Measures only 23 1/2” wide x
  33 1/2” high x 20 7/8” deep.

• Just Plug It In...
  Works on standard 110 volt power,
  so it needs no special wiring.

• One Unit Does It All...
  With one touch of a button, the
  WD1000 automatically washes
  and dries your laundry. Just set it
  and forget it.

• 8 Individual Wash & Rinse Programs

• 2 Drying Cycles

• Requires No Venting...
  Its advanced design traps the
  moisture, condenses it into water
  and sends it down the drain.

• Energy Efficient...
  Superior front-loading design
  makes for cleaner wash and less
  wear and tear on laundry, as well
  as being energy efficient.

MALBER®
• Low Water Consumption...  
Washes and rinses up to eleven pounds dry laundry with only 13.7 gallons of water.

• Variable Speed Electronic Control...  
50 rpm for the wash, 100 rpm pre-spin tumbling for even distribution of laundry inside the drum. 550 rpm to 1000 rpm to spin all types of fabrics with no vibrations and no noise.

• Eight (8) Individual Wash and Rinse Programs...  
1. Pre-wash and Soak  
2. Super Wash  
3. Permanent Press  
4. Spinning  
5. Delicates  
6. Rinses & Spin  
7. Gentle spin  
8. Knits
